

Product Update

Firmware Version 1.1.10 is now available for Climate Guard and Plus-X EM.

Climate Guard, Climate Guard LT, Plus-X EM64 and Plus-X EM32 systems can now be upgraded with new features and capabilities. Changes from firmware version 1.1.9 to 1.1.10 are highlighted below. Detailed descriptions of these changes can be found in the Release Notes document included in the firmware download package.

Resolved Issues

- The system date can be manually set up to 2040.
- The pop out chart on home page now properly loads.

To install the new firmware, visit www.burk.com/downloads, select the Burk Firmware Loader support page and download "Manual - Burk Firmware Loader Rev A". Follow these instructions to upgrade your system to main firmware.

For further information or for assistance with this upgrade, please contact Burk technical support at 978-486-3711 or by email at support@burk.com.
