

Product Update

Firmware Version 1.1.7 is now available for Climate Guard and Plus-X EM.

Climate Guard, Climate Guard LT, Plus-X EM64 and Plus-X EM32 systems can now be upgraded with new features and capabilities. Changes from firmware version 1.1.4 to 1.1.7 are highlighted below. Detailed descriptions of these changes can be found in the Release Notes document included in the firmware download package.

New Features and Enhancements

- Pop out links have been added to the chart windows on the Overview and History web pages.
- Climate Guard and Plus-X EM users can now take advantage of the Burk Email Cloud Service.

Resolved Issues

- The “Add new email address...” hyperlink now operates properly.

To install the new firmware, visit www.burk.com/downloads, select the Climate Guard or Plus-X EM support page and download “Tech Bulletin – Updating Climate Guard and Plus-X EM Firmware”. Follow these instructions to upgrade your system to main firmware version 1.1.7.

For further information or for assistance with this upgrade, please contact Burk technical support at 978-486-3711 or by email at support@burk.com.
